

**Flat Rates & Same Day  
Turn-Arounds**

**Legal Research Services**

**Trial & Appellate Briefs**

**Certified Judgment Searches**

## **ON-POINT PARALEGAL SERVICES, LLC**

### **ABOUT US**

Thank you for taking the time to review our brochure. All of our associates are certified paralegals that specialize in multi-jurisdictional appellate practice with an emphasis upon New Jersey, New York, California, Florida, Maryland, North Carolina, federal circuit courts of appeal and practice before the United States Supreme Court. Each of our associates has a minimum of ten years experience in this field.

### **APPELLATE SERVICES**

Our associates review trial court records and prepare briefs, appendices, interlocutory appeals, motions for leave to appeal, motions for a stay, petitions for certification or certiorari and the like. If it is appeal related, we can help.

### **LEGAL RESEARCH SERVICES**

Our associates will assist you with legal research of any type of issue. A memorandum is prepared for all legal research projects that will explain our conclusions to you. Memorandums are prepared in question-and-answer format, are provided in an editable format to enable you to cut-and-paste and are accompanied by a courtesy copy of all cases and statutes cited therein. We have a nationwide Westlaw® subscription for legal research.

### **CERTIFIED UCC, LIEN & JUDGMENT SEARCHES**

We have the in-house resources to conduct nationwide UCC, lien and judgment searches. Our paralegals will conduct the search, provide a digital copy of the search results and, if requested, prepare and execute an affidavit describing the searches performed and the results. We can also perform searches for litigation histories, criminal records, foreclosures, skip traces and background checks.

### **PRO-SE LITIGANTS**

A non-attorney may retain our services to prepare legal research or a brief for his or her attorney at a flat rate that is significantly less than what would be charged by the attorney for a similar product. A non-attorney may also retain us to conduct legal research and to provide a memorandum to the attorney. A licensed attorney must be involved to accept the product, however.

### **JURY VERDICT RESEARCH**

Nationwide jury verdict research is available to assist with valuating a claim. This is not only useful for valuating a case, it can be determinative of an appeal that challenges a verdict or final judgment on the ground that it is unduly excessive or unreasonably low.

### **FLAT RATES AND PAYMENT OPTIONS**

Generally all of our services are provided at flat rates. You may print a copy of our fee schedule from the home page of our website or email us to have a copy sent to you. We accept as payment business checks and all major credit cards.
